

ROI VINCENT P. SOLAR

Ibaan, Batangas | +639387194084 | roivincentsolar@gmail.com | <https://www.linkedin.com/in/roi-vincent-solar/>

PROFESSIONAL SUMMARY

- Detail-oriented Information Technology graduate with hands-on experience in full-stack development across web and android platforms. Proficient in React, JavaScript, and relational databases, with a strong foundation in building scalable applications, optimizing user interfaces, and driving technical training initiatives.

WORK EXPERIENCE

DICT REGION IV-A (BATANGAS)

JANUARY 2026 - APRIL 2026

IT Intern

- Co-developed and deployed a comprehensive Room Reservation System using Flutter and Firebase, implemented real-time notifications and a user-friendly admin portal that enhanced user experience.
- Facilitated a web development training program for local police officers, providing technical support and configuring development environments.
- Configured and maintained core network hardware including routers and switches, ensuring real-time technical troubleshooting and uninterrupted connectivity during training sessions.

PROJECTS

SNEAKERVAULT: SNEAKER INVENTORY & PORTFOLIO TRACKER

MAY 2026 - JUNE 2026

Full-Stack Developer

- Developed an Android sneaker inventory app that implemented a MySQL/PHP REST API with token-based authentication, enhancing security and user engagement through persistent session management.
- Built a wear-log tracker and analytics dashboard that surfaces portfolio value, average price, and top brand insights, with multi-currency conversion and most-worn/unworn-30-days alerts to drive user engagement.

DICT ROOM RESERVATION SYSTEM

JANUARY 2026 - APRIL 2026

Full Stack Developer

- Developed a three-tier Room Reservation System (Mobile App, Admin Web, Superadmin Web) to centralize booking operations, resulting in a seamless booking experience for users and streamlined request management for administrators.
- Implemented role-based web portals with branch-switching capabilities to manage multi-location facilities, resulting in efficient local control for specific branches and comprehensive oversight for regional superadmins.

VPM ONLINE: A MOBILE ECOMMERCE APP WITH DELIVERY TRACKING, SMS ALERT AND INVENTORY MANAGEMENT SYSTEM

JUNE 2025 - NOVEMBER 2025

Full Stack Developer

- Built a multi-platform e-commerce ecosystem consisting of a User App, Driver App, and Admin Web Portal to streamline purchasing and delivery workflows, resulting in real-time order tracking for customers and smooth rider coordination.
- Developed a web-based admin portal with integrated Point of Sale (POS) tools to manage inventory, process online orders, and handle walk-in sales, resulting in faster in-store checkouts and simplified store operations.

EDUCATION

STI COLLEGE BATANGAS

2022 - 2026

Bachelor of Science in Information Technology

CERTIFICATIONS & SKILLS
